## Our Team

At Coreworthy we pride ourselves with our team of experienced Personnel who have been in the Industry for more than ten years. Our team have worked in various Regions of Tanzania and this has made them experts with the grounds as they have excellent understanding of the regions grounds and environment. The experience is not only with the grounds but it goes further in mastering of various high tech drilling equipment.

Coreworthy  
Drilling (T) Ltd

## On Safety

At Coreworthy we believe in Safety as the Priority whenever any task is to be taken. We encourage Personal safety and that of fellow workers believing that if everyone is responsible then we will all be safe.

We ensure Proper Protective Gears are used at all times during working sessions. We do make sure that Environment Protection is highly adhered to as the nature of our business is dealing with environment first hand on daily basis. Frequent Safety meetings are held on daily basis to remind our team of the importance of Safety.
